Roads?! Where we're going, we don't need roads!

When a strange radio signal is detected in deep space, the president needs his finest officers to check it out. Unfortunately, the closest vessel is a lowly asteroid miner staffed with a ragtag crew of misfits.

The leader of this crew is Captain Daniel, an "Unwanted." In the future, the rigors of space travel are reserved for two sets of people. Clones of the best and brightest officers, and the products of unplanned pregnancies. As one of the latter, Daniel is considered inferior to his peers and sees this exploratory mission as a chance to prove himself to the galaxy.

Full of tongue-in-cheek humor, "Ghost Probe" will have you chuckling and smiling as the crew of the ship attempts to answer one of humanity's biggest existential questions.

With comic dialogue and situations, "Ghost Probe" will appeal to fans of "The Orville" and other sci-fi that doesn't take itself too seriously.
