Auryn broke my heart when he ghosted me two years ago. My life is finally back on track, my career as a civil engineer is going great, and he'll never get another chance to hurt me.

Until he saves me from a typhoon. He should have just let me drown.

Turns out Auryn was a dragon wearing a human glamor having a cross-species fling. And his idea of "saving" me was to drag me ten miles under the ocean floor to the sunken city of Lemuria. Except unlicensed humans aren't allowed here, and Auryn's adamant that nobody can ever know we were a thing. Hah, he thinks I want to confess to being his dirty little secret?

I'd leave, but the Wyrms Seat isn't about to just let me leave now that I know they exist. I've got to pass two tests, and if I fail, I get bitten in two.

In private, Auryn tells me how he never meant to hurt me, but if anyone's watching, he treats me so badly the other dragons apologize for him. He's also not single, and his girlfriend, Kira, has decided I'm her newest best friend.

Auryn's soft-spoken cousin Keon would be a lovely distraction, but he's too shy to even look me in the eye. Auryn's smoldering-hot rival Akoni is beyond tempting and he knows it, but I'm not nearly stupid enough to fall into that serpent's coils.

And if my father finds out where I've been? I am beyond dead. And so are the dragons. I'm going to need more duct tape.

Breath of Chaos is a nerdy, slow-burn, sci-fantasy reverse harem romance featuring a brilliant heroine who plays with dragon magic, second chances, ancient aliens, and potty water.
