At first glance, Tamryn appears to be no different from any other human in this mystical land. Her almond-shaped green eyes sparkle with wisdom, her radiant red hair cascades down her back like flame, and her lithe figure gives her a graceful presence. But those who underestimate her do so at their own peril.

Born in a small village nestled at the foothills of the Chryos Mountains, Tamryn was raised by her mother, a skilled herbalist, and her father, a seasoned warrior. Growing up, she often accompanied her father on hunting expeditions, learning the art of archery and tracking. These experiences honed her natural instincts and developed her keen perception of the world around her.

However, it wasn't until Tamryn reached her fifteenth year that her extraordinary abilities began to manifest. During a fateful encounter with a wounded wolf, she discovered an innate connection with animals. She could understand their thoughts and emotions, communicate with them, and even influence their actions. This incredible talent quickly earned her the nickname "Tamryn Tamer."

As Tamryn grew older, her powers grew stronger. Armed with her exceptional bond with animals, she set forth on a quest to explore the enchanted realms of Shalia, encountering mystical creatures, unlocking ancient secrets, and forming powerful alliances along the way.

One of her most notable achievements was riding a majestic dragon named Drakon through a lush forest teeming with mythical creatures. This awe-inspiring moment was captured in a breathtaking painting that now hangs in the halls of the Royal Shalian Library, forever documenting Tamryn's remarkable journey.

Throughout her adventures, Tamryn faced countless challenges and life-threatening situations. Yet, her resilience and unwavering determination pushed her beyond her limits. She honed her combat skills, trained with legendary swordmasters, and explored her magical potential. Her valiant efforts did not go unnoticed, as she earned the respect and admiration of both her allies and enemies alike.

But it wasn't just her physical prowess that made Tamryn such a compelling character. Her unwavering sense of justice, her deep empathy for all creatures, and her unyielding loyalty to her friends and Shalia fueled her every action. She fought not only for her own survival but for the greater good of her world.

As the Herald of Shalia, Tamryn's pivotal role eventually led her to confront a menacing sorcerer who sought to unleash a cataclysmic force upon the lands. In a climactic battle that engulfed the skies and shook the very foundations of Shalia, Tamryn showcased her true power. She summoned the elements, commanded mythical beasts, and channeled the ancient

energy of the goddess herself to defeat the sorcerer and save their world from imminent destruction.

Though the battles are now won, Tamryn's journey is far from over. She continues to be a beacon of hope in this fantastical realm, using her experiences, knowledge, and unwavering determination to protect the innocent and maintain the fragile harmony between humans, magical creatures, and the gods.

The story of Tamryn Tamer, the Herald of Shalia, is a testament to the human spirit's resilience and the power that lies within each individual to shape their destiny. Her journey reminds us that even in the face of insurmountable odds, courage, love, and righteousness can prevail.

So come, embark on this magical adventure with Tamryn Tamer, for her story will surely thrill and inspire you, reaffirming your belief in the extraordinary potential that lies within.

Sebastian Frost was a man with an interesting reputation. He'd killed twelve giants, eight heroes, a duke, and even a prince.

But nobody ever talked about any of that.

All they talked about was the deviant, disgusting, detestable, Herald of Shalia that shamelessly laid with elves. That was because in the strange world based on game mechanics Frost found himself in, laying with elves was somehow treated like laying with animals.

Naturally, they weren't calling him Herald Frost the giant killer.

Despite his less than dignified reputation, Frost was set to marry Princess Brynn Hilde Leaucault of the neighboring country of Zira. If everything went well, the marriage would earn him an amazingly talented wife and hopefully improve his rocky relationship with the powerful country.

Although Zira wasn't the only country he had to worry about.

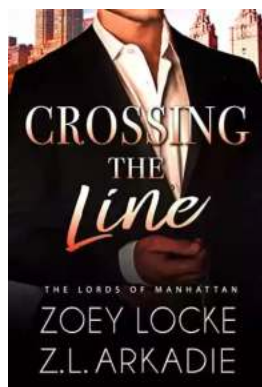

King Darius Asmund of Rilia requested an audience with Frost and since the man commanded one of the largest armies on the continent, he was inclined to take the meeting. Even if the brutal warlord had a reputation for killing heralds.

Frost just wished he knew why the herald killing king was so interested in his own lascivious reputation.

Herald of Shalia is a fun fantasy Light LitRPG/Gamelit by Tamryn Tamer and contains attention starved elves, demonic princesses, foul language,

twosomes threesomes and foursomes, and completely over the top love making. You've been warned.
