The Origins of The Great Troll War

Before delving into the gripping battles and thrilling encounters, it is crucial to understand the origins of The Great Troll War. The trolls, once valiant and noble protectors of Quoranor, had succumbed to the dark forces. Under the influence of the Night King, they transformed into monstrous creatures, wreaking havoc upon the land they once held dear.

Driven by their insatiable thirst for power and destruction, the trolls launched a devastating assault on the realms of elves, dwarves, and humans. War engulfed Quoranor, consuming its lands and its inhabitants. Desperation clung to the air as the fading hope of victory seemed imminent.

The Alliance of Races

In the darkest hour, when all seemed lost, the different races of Quoranor realized the necessity to unite against the common enemy. Elves, known for their grace, wisdom, and mastery of magic, cast aside their secluded

ways to join the fray. Dwarves, renowned for their unmatched craftsmanship and resilience, swore to defend their home and allies. Humans, armed with their indomitable spirit and adaptability, mustered their forces to stand against the trolls.

The alliance of races laid the foundation for a collective resistance that would redefine the very essence of courage and resilience. Heroes emerged from the shadows, wielding their mighty weapons, casting spells of protection, and unyielding determination against the relentless troll hordes.

Battles that Shook Quoranor

The Great Troll War was a tapestry of legendary battles, each more enthralling than the last. From the Fields of Thunder, where the dwarven warlords clashed with giant trolls, to the Enchanted Forest, where elven archers fought with unrivaled precision, and the Citadel of Storms, the last bastion of humanity, home to Eragon and his companions.

The Last Stand: Eragon versus the Night King

As The Great Troll War reached its climactic crescendo, the fate of Quoranor hung in the balance. Eragon, the Last Dragonslayer, faced his ultimate nemesis – the Night King. The final confrontation took place atop

the once-proud Castle of Shadows, veiled in a shroud of perpetual night. Lightning crackled, and dark magic unleashed its fury as the destiny of the world was decided.

The battle between Eragon and the Night King was a spectacle of breathtaking proportions. With every swing of their weapons, the ground trembled, and history itself quivered in anticipation. The final instalment of the Last Dragonslayer Chronicles, demonstrating that with a small band of committed followers, a large tin of resolve and steely determination, almost anything can be achieved . . .

Sixteen-year-old Jennifer Strange and her sidekick and fellow Orphan Tiger Prawns have been driven to the tip of the UnUnited Kingdoms - Cornwall - by the invasion of the Trolls. Their one defence is a six-foot-wide trench full of buttons, something which the Trolls find unaccountably terrifying (it's their clickiness).

Worse than being eaten by Trolls is the prospect of the Mighty Shandar requisitioning the Quarkbeast and using him to achieve supreme power and domination - an ambition that has been four hundred years in the planning and which will ultimately leave the Earth a cold cinder, devoid of all life.

Nothing has ever looked so bleak, but Jennifer, assisted by a renegade vegan Troll, a bunch of misfit sorcerers, the Princess (or is she now the ruler?) of the UnUnited (or are they now United?) Kingdoms, and Tiger, must find a way to vanquish the most powerful wizard the world has ever seen, and along the way discover the truth about her parents, herself, and what is in the locked glovebox of her VW Beetle . . .
