The attention to detail in "We Are The Prey" is truly remarkable. The developers have created an ecosystem that mirrors real-life wilderness, where animals follow their natural patterns and behave accordingly. This

aspect not only adds a layer of authenticity but also presents a refreshing challenge, urging players to learn the diverse behaviors of wildlife in order to outwit and successfully track their prey.

To further enhance the gaming experience, "We Are The Prey" introduces a dynamic weather system that affects both the player and the animals. The change in weather conditions, such as rainfall or blizzards, can obscure visibility and impact the movement of animals, making every hunt feel unique and unpredictable. It's imperative to adapt your strategies to the ever-changing environmental circumstances in order to stay on top of the food chain.

## **The Thrill of the Hunt**

"We Are The Prey" embraces the essence of the hunt, immersing players in heart-pounding stalking missions. Each hunt requires meticulous planning, using advanced gadgets and weaponry to outsmart the prey. The game ensures a realistic representation of the art of hunting, including features like scent detection, accurate bullet physics, and your ability to remain undetected during the chase. The satisfaction of a successful hunt cannot be overstated, making every encounter an exhilarating rush of adrenaline.

Beyond the thrill of the hunt, "We Are The Prey" delves into the moral and ethical aspects of hunting. It challenges players to contemplate their role within the ecosystem and the consequences of their actions. The game encourages responsible hunting practices, promoting the importance of conservation and sustainable wildlife management. In doing so, it strives to educate and create awareness about the delicate balance of nature and the significance of our role in preserving it.

## Multiplayer and Collaborative Gameplay

The multiplayer mode of "We Are The Prey" takes the excitement to a whole new level. Collaborate with fellow hunters from around the world to form teams and tackle challenging objectives together. Experience the camaraderie of the hunt as you strategize, share information, and embark on joint expeditions. Engage in heated competitions to determine who among your comrades has truly mastered the art of tracking and hunting.

## Pioneering New Horizons

"We Are The Prey" stands out among the myriad of gaming options available today by bringing forth a unique fusion of realism, strategy, and exhilaration. The game continues to evolve with regular updates and expansions, introducing new hunting locations, objectives, and wildlife species. With an ever-growing community of passionate hunters, "We Are The Prey" is carving its place as a prominent gaming experience that immerses players in the untamed beauty of nature.

So, are you ready to unleash your inner hunter and prove your mettle in the wild? Immerse yourself in the captivating world of "We Are The Prey" and let the chase begin!

COVID-19 and the Global Predators is much more than an analysis of the current exploitation of humanity under cover of the SARS-CoV-2 pandemic. It discloses for the first time the actual blueprint and master plan that that was ten years in the making by global predators before the pandemic: a plan to reorganize the world in the name of public health. Billionaires, government agencies, giant funds, and major industries collaborated years ahead of time to lay the groundwork for what would become Operation Warp Speed and the Great Reset in 2020. All this is disclosed, individuals and groups are named, and their plans for the future are documented. The book concludes with chapters on what America and the world must do in the coming weeks and months to save humanity's freedoms.

Many top medical and public health experts treating and examining COVID 19 agree this is the most comprehensive book about who and what is behind the draconian measures that are crushing individual freedoms and many of the societies and economies of the Western World including the United States, Canada, Great Britain, and Australia.

Three of these medical doctors have confirmed this in their s to the book: physicians Peter McCullough MD MPH, Vladimir "Zev" Zelenko MD and Elizabeth Lee Vliet MD. They are echoed by endorsements from Robert F Kennedy Jr. and Paul Alexander PhD.

This book thoroughly documents solid answers to these tragic questions about the global predators who are reaping enormous benefits from

COVID-19 suffering including wealth, power and the destruction of America as an opposition to globalism.

Who are the "they"-these Global Predators? What are their motives and their plans for us?

How can we defend against them?

Why did they:

- Plan Warp Speed for a SARS-CoV pandemic years before it came?
- Distribute mRNA and DNA vaccines that killed lab animals and now humans?
- Collaborate with the Chinese making pandemic viruses & bioweapons?
- Hide the origin of SARS-CoV-2 in the Wuhan Institute?
- Let China spread the virus around the world on passenger planes?
- Give so much power to Dr. Anthony Fauci?

Why do they continue to:

- Prohibit cheap, available, safe and effective COVID-19 treatments?
- Impose draconian closures on our society and economy?
- Disproportionately harm or destroy small businesses and churches?

- Make us wear masks and distance ourselves from each other?
- Exaggerate the death rate from COVID-19 to frighten us?
- Hide the high and growing vaccine death rate from all of us?
- Make experimental "vaccines" that turn our bodies against ourselves?
