Wishing Moon Moon Magic is closely connected to the lunar phases, as each phase offers a unique opportunity to work with the Moon's energy. From the New Moon, symbolizing new beginnings, to the Full Moon, representing abundance and fruition, each phase amplifies the potency of your intentions.

## **How to Harness Moon Magic for Wishing**

To embrace the power of Wishing Moon Moon Magic, it is crucial to understand the significance of each lunar phase and align your intentions accordingly. Let's uncover the rituals and practices associated with different Moon phases:

### **The New Moon: Setting Intentions**

During the New Moon, the Moon is not visible in the night sky, representing the void, potential, and rebirth. This phase is perfect for setting intentions and planting the seeds for your desires to manifest. To begin, find a quiet space and reflect on what you truly wish to manifest. Write down your intentions on a piece of paper and seal it in an envelope or a jar. As the Moon gradually waxes, your intentions will gain momentum.

## The Waxing Moon: Taking Action

As the Moon begins to wax, it gains energy and strength. This phase is ideal for taking inspired action towards your goals. Review your intentions from the New Moon and create a step-by-step action plan. Seek opportunities, engage in activities aligned with your wishes, and visualize

the successful outcome. Remember, the energy you invest during this phase will fuel the manifestation process.

## **The Full Moon: Celebrating Abundance**

As the Full Moon graces the night sky, its radiant glow illuminates your path to abundance. This phase is perfect for celebrating and acknowledging the growth of your intentions. Reflect on the progress you have made thus far, express gratitude, and bask in the manifestation of your desires. You can also perform rituals such as charging crystals under the moonlight or creating an altar to honor the energy of the Full Moon.

## **The Waning Moon: Releasing and Letting Go**

As the Moon starts to wane, it symbolizes release and letting go. This phase is an opportunity to declutter your life from any negativity or obstacles that hinder your manifestation process. Identify what no longer serves your highest good and create rituals to release them. Letting go clears space for new opportunities to enter your life.

**By understanding and actively participating in the rituals associated with each lunar phase, you can amplify the power of your wishes and enhance your manifestation abilities.**

### **Enhancing Moon Magic with Tools**

In addition to the rituals, several tools can aid you in your Wishing Moon Moon Magic journey:

## Crystals for Amplification

Crystals have long been associated with metaphysical properties and can be valuable allies in harnessing the Moon's energy. Select crystals that resonate with your intentions, such as clear quartz for clarity or rose quartz for love and compassion. You can carry them with you, place them on your altar, or even create crystal grids to magnify their effects.

## Herbs and Essential Oils for Potency

Herbs and essential oils have potent energetic properties that can enhance your manifestation practice. Lavender promotes relaxation and clarity, while cinnamon fuels passion and creativity. Incorporate them into your rituals by burning herbs as incense or diffusing essential oils to create a sacred atmosphere.

## **A Journal for Reflection**

Keeping a journal can be a powerful tool for introspection and tracking your progress. Write down your intentions, record your experiences during each lunar phase, and reflect on any signs or synchronicities that occur along the way. Journaling allows you to deepen your connection with the Moon's energy and provides a space for self-reflection.

**Wishing Moon Moon Magic unveils a world of possibilities through its deep connection to the lunar energies. By aligning your intentions with the phases of the Moon and incorporating specific rituals and tools, you can harness the power of manifestation and watch your wishes unfold before your eyes.**

**Remember, the key lies in the synergy between your desires, the Moon's energy, and your actions. So, the next time you gaze up at the**

**A note to readers: Rebecca Schaefer is the sweet penname of New York Times, USA Today, best-selling author Sable Hunter. Hello! I am so glad you are taking the time to read this note. This is Rebecca Schaefer, also known as Sable Hunter. Writing a heartfelt story is my greatest joy. This novel, A WISHING MOON, is a sweet paranormal romance filled with mystery and suspense. If you have already read Sable Hunter's A WISHING MOON, this is primarily the same love story, but the explicit detail has been replaced with tender emotion. The novel has also been expanded with 25000 more words and many additional scenes. I've included more background, suspense, and paranormal fun. I think it's worth another read, but you be the judge of that.**

**If you've never read a Sable Hunter novel because you preferred a less sensual read, then this is it. As Sable Hunter, I penned over 70 novels, all filled with adventure, suspense, and romance – but they were also extra steamy. I have felt led to revamp these books, keeping them tender and flirty, but leaving out the more explicit scenes. I am also adding new details and extra glimpses into the lives of favorite characters. If you choose to do me the honor of joining our reading family, I welcome you to my world where right prevails, love conquers all, and holding out for a hero is not an impossible dream.**
